

Working in Disability is about becoming a part of someone's life and supporting them to live their life to the fullest. This is a job where every bit of effort you put in you're going to get back. I never wanted to work somewhere where you're just making money for a boss. I wanted to work somewhere where I could get something out of what I'm doing. I can go home, I can be happy about what I've done in a day, and I can know as a person I've grown more through my work. I use music therapy with my clients to inspire their emotions. It's a great tool for releasing these things, maybe suppressant in the back of our minds and bringing it to the forefront. Every time you go to a client's place, everything you support someone to do in their lives, you know that you are actually making a difference. If you weren't there, the day would be different without you.

Opportunities working in Disability are massively increasing and people like me who are very passionate about certain interests will be able to capitalise on that. To think, nowadays, as a 24 year old, I can combine my interests and my passions and do something that not only will help other people, but something that I could work something for myself, something that I could be proud of, something that I could build. Yeah, this is an incredible gift.

在残疾服务领域工作是去成为别人生活中的一部分并帮他们充分享受他们的生活。你为这份工作做出的每一滴付出都有回报。我从来就不想为一个老板打工赚钱。我做的工作要能让我从工作中有所收获，这样在做完一天的工作后我能开开心心地回家，知道我通过工作得到了成长。我采用音乐疗法来激发顾客的情感，这个工具对释放压抑的情感有奇效，可以把藏在我们脑后的东西充分释放出来。每次你去顾客的家，帮他们做点事，你都会意识到你为他们的生活带来了很大的不同。如果没有你在，他们这一天的生活会完全不同。残疾服务领域中的工作机会越来越多，像我这样对某些事物有强烈兴趣的人应该抓住这一机会。想一下，我现在 24 岁，我能够把我的兴趣和我喜欢做的事结合在一起，我不仅在帮别人，从某种意义上说我是在为我自己工作，这让我感到自豪、让我有了一个继续发展的基础。这简直是一个难以想象的礼物。
